Entrance Exam

Experience is something which is essential in the life of a person. One can gain an education with knowledge from anywhere around the world, but it is the experience of an individual that makes him/her a better as well as a successful person. In today's world where life is like a competition, many people go for specialized courses in various fields and also they are getting popular. One such area is fine arts where a student will get to know about the creativity and creative things. It also includes information, communication as well as publication among the areas of applied art, painting, history of art sculpture and visual communication among others. We have a vast experience that we offer to our students for their better future. We tend to improve the knowledge of everyone with enormous experience in less time. Fine Arts can be defined as a field where an individual can get the success only if he/she have the relevant knowledge which can only be gained through experience. The program of BFA from so many years has designed, given as well as taken art of guiding the students for the entrance exam of Bachelors of Visual Art as well as Bachelor of Fine, which are also famous worldwide as the primary courses of arts. Our primary aim is to offer teaching, knowledge and create the kind of environment which will not only take the students to better future but also inspire them to know and recognize their abilities.

Our only priority is to help every student to reach their desired goals. Our staffs committed to providing best guidance as well as offering the environment which is useful for learning and teaching, building and expanding the educational opportunities and also the support needed which is also our mission. We give guidance to all our students both inside as well as outside the teaching classroom. A student doesn't need to take stress when our faculty members are guiding them. We only include the best tutors who are also on top of their respective schools. The students not only get to learn about the subjects but also how they can succeed in life.

ABOUT US...

Everything you need to know

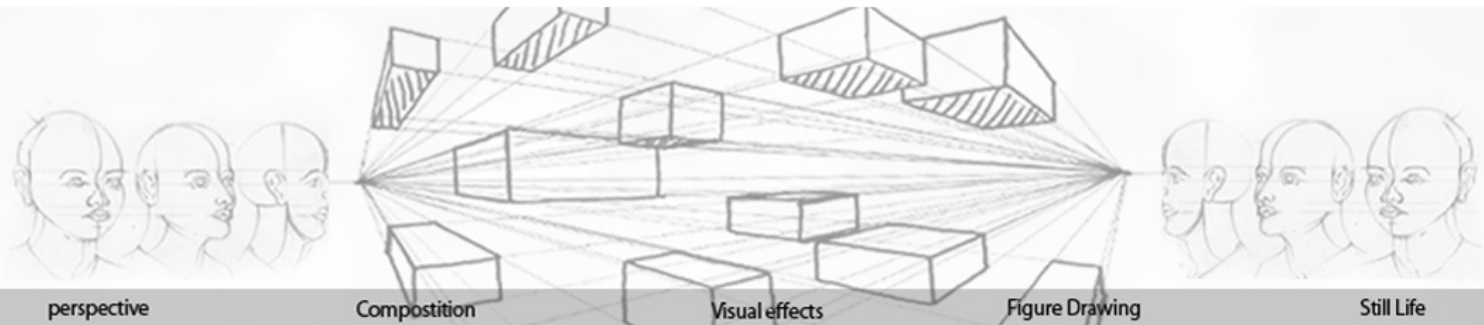

know

Bachelor of Fine Art (BFA) is a creative course having duration of four years. The Course requires---- Sketching and Drawing. It helps students to develop skills and knowledge to work with creative industry as Art Director, Art curator, Artist, Graphic etc. Bachelor of fine Arts program prepares the students for establishing a career in the field of Fine Art. A bachelor of Fine Arts Degree will often require an area of speciality such as computer animation, creative writing, drawing, film production, Visual effects, Graphic Design, illustration, industrial design, Visual arts, Painting, photography, printmaking, sculpture etc. We give our students a broad education in disciplines of the arts. i.e. Applied Arts, Painting, Visual Communication, Print Making. The Scope in the field of Fine Arts is very wide and the art students have a large spectrum of options in front of them. It starts from working in art studios, advertising companies, publishing houses, print media and fashion houses etc. A graduate can also start a career as freelance artist, while relevant fields available are teaching, photography, television production. One can also start as online services like e-lance work, design house and product and package design. A Bachelor degree of fine arts is necessary for those who are interested to carve a strong niche in the field of Creative Arts. Bachelor of fine arts is an undergraduate level Four Year degree program, and for the students who have a passion of study fine arts and different facets of it like drawing, visualization etc. The program is developed in such a way so as to create interest in the candidates about fine Arts. The program covers the creation of visual art works. Some of the visual Arts like photography sculpture, theatre, painting, architecture. This Course is also known as B.F.A AND B.V.A (Bachelor of Visual Arts). Both the program are same. In the initial year of the program topics like portraiture, art History, Water Colour, Figure Drawing, Still Life, and Composition Drawing etc are covered. An annual examination is carried out in the B.F.A Program and is conducted by universities.
